Dear Mrs. West:

You have been kind enough to furnish us with information concerning the Gulf Coast Development Company from time to time in the past. The latest information we have relative to this company is contained in your letter of November 4, 1938. Will you please advise us if there have been any developments which may have changed the status of the company since that date. If the situation still remains about the same we would appreciate hearing from you also.

For your convenience we are enclosing herewith a self-addressed, stamped envelope. We thank you for this courtesy.

Very truly yours,

James L. Wymer
